

To Love Children's Privacy Policy

Overview

Thank you for visiting To Love Children website and reviewing our privacy policy. To Love Children Educational Foundation International Inc. does not collect personal information about visitors to our Website unless you choose to provide that information to us. To Love Children does not sell, exchange, or release your personal information to parties outside To Love Children without your consent. Once we obtain your consent, we consider it valid until revoked by you.

If you send us personal information

To Love Children's Website will only collect personal information which you knowingly and voluntarily provide by, for example, sending emails, completing membership forms, registering for classes, events, or other programs, responding to surveys or ordering merchandise. If you provide us with personal information, we will normally respond to your inquiry, request, or order. We may also contact you to provide information about To Love Children activities, programs, membership and development opportunities, products, and special events that may interest you. We will never share your name or information outside To Love Children unless you affirmatively authorize us to do so by opting-in.

When we send you such information by email, you will always have an immediate opportunity to decline further communication. Please use the contact specified in the email so that we can remove you from the list that contains your name. If you are uncertain about whom to contact, you may contact davidkennethwaldman@tolovechildren.org

Children and Privacy

To Love Children takes the concern about protecting children's privacy seriously. We do not collect personally identifiable information from children. If a visitor known to be a child (under the age of 18) sends an email to the To Love Children, we will only use the email address to respond to the writer and not to create profiles or otherwise retain the information.

Security

We take reasonable precautions to ensure that all credit card transactions that occur on the web site are secure. When you submit your credit card for any purchase you go through PayPal and that transaction is encrypted using "Secure Socket Layer" (SSL) encryption to prevent your credit card information from being seen as it travels over the Internet to our servers.

Unauthorized access is prohibited and punishable under the Computer Fraud and Abuse Act of 1986 and the National Information Infrastructure Protection Act.
